HALLOWEEN EVENTS

After a whole year of anticipation, it's finally the season of spook and horror! This year, our club has participated in both the Screemers and the Halloween clubbing event.

Screemers is renowned for its terrifying haunted houses and its Halloween ambience. So far, it hasn't failed to adrenalize people with the amazing talents and costumes that they have.

For the Halloween clubbing event, it was hosted by the University of Toronto Hong Kong Student Association(UTHKSA) and DJ NuliteDennis. Guests were welcomed to dress up in themed costumes and they sure did have a wonderful time.

We hope that through organizing such events, our fellow students would have a mind-blowing university life

TALK SHOW - 《口水多過茶》

One of our club's aim this year is to be innovative. What we are going to make this year is the production of the talk show 《口水多過茶》. We took the idea of radio show and transformed it into a new form of talk show. The show comes with different themes for every episode.

In our first episode, we invited some guests over who shared spooky Halloween stories. Be sure and stay tuned to our Facebook page to catch up with our weekly episode of our talk show.
